Philanthropy

Pumpkin Smash with BYX

This October, Lambda Chi Alpha partnered with BYX to host a philanthropy event at 990 S. Milledge. The event featured live music, cornhole, and pumpkin painting. All counted up, we raised over \$5,000!

Volunteering at Atlas Athens

Greek Day of Service

Our brothers were busy with a wide range of activities for Greek Day of Service. The service events included volunteering at a farm, donating diapers, and walking for suicide awareness!

During move in day, brothers could be seen helping out residents at Atlas Athens move in before the start of school!

November

Our brothers look out for each other, and know they can count on each other no matter what. Not all men have that support, and many men don't know what to do when they struggle with mental health. Fortunately, Movember has the ability to help these men, and we believe in that mission whole heartedly. Throughout the semester, we've been raising funds, and ended up being able to raise

over \$10,000

as a chapter.

Team	Amount Raised (USD)
1 4JP - Oklahoma Lambda Chi	\$36,722.01
2 Oregon - Lambda Chi Alpha	\$21,075.01
3 Lambda Chi Alpha - University of Georgia	\$10,941.50
4 Lambda Chi Alpha - UMD	\$10,187.49
5 Drexel - Lambda Chi Alpha	\$8,147.13
6 Lambda Chi Alpha - Office of Administration	\$4,130.86
7 Lambda Chi Alpha - The University of Texas at Austin	\$3,726.02
8 Saint Joseph's - Lambda Chi Alpha	\$3,400.00

Mr. Milledge

Lambda Chi's got talent! How do we know? Well, when we heard that the Alpha Gamma Delta sorority was raising money to fight food insecurity in the Athens area, our interests were peaked. They put on a "talent show" of sorts where fraternities can enter a single member to compete in multiple rounds to prove who's the most talented fraternity around. Of course, we not only were excited to participate in the event, but were determined to win. (Needless to say, we did, thanks to Greyson Dunning!)

Academics

Student Involvement

Our members are involved in a wide variety of extracurricular activities beyond Lambda Chi Alpha, ranging from boxing to student government to finance societies. We would like to spotlight Siddhartha Yalavarthi, who is a member of and has leadership positions in Apollo, The Financial Technology Society, Will to Live, Movember, Student Government, and Terry Student Researchers. We are also proud to announce that all of our members are active in at least one activity outside of Lambda Chi Alpha.
